

DP WORLD

**INTEGRATED ASSEMBLY
SUPPORT FOR A LEADING
MOTORCYCLE MANUFACTURER**

THE CHALLENGE

High-volume production across multiple assembly lines left little room for error. Tight sequencing, subassembly coordination, and inventory accuracy had to stay perfectly aligned to prevent exceptions and avoid costly downtime.

OUR SOLUTION

DP World delivers end-to-end manufacturing support, including modular subassembly, sequencing, kitting, inventory management, and transportation to the assembly plant—fully integrated with our customer's SAP system.

RESULTS AT A GLANCE

+18 MILLION
parts sequenced annually

Nearly
130,000
MOTORCYCLES
supported each year

About
1 MILLION SQ. FT
of warehouse space

920
dedicated DP World employees

DP WORLD

**EXPORT PACKING
EXCELLENCE FOR A GLOBAL
PREMIUM AUTOMAKER**

THE CHALLENGE

Our customer needed a consistent, scalable export packing solution to support global delivery of SUVs, extended-wheelbase sedans, and motorcycles from manufacturing sites in the U.S. and Germany.

OUR SOLUTION

DP World developed a fully customized export packing model, delivering receiving, warehousing, part-by-part packing, CKD operations, and returnable container management across multiple sites.

DP World also provides Tier 1 inbound quality monitoring programs that enable chargebacks for non-compliant packaging, labeling, or ASN execution.

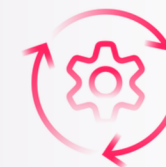

RESULTS AT A GLANCE

+1.5 MILLION
handling units shipped annually

1.7 MILLION SQ. FT
of operational space

OPTIMIZED
export flows through enhanced packing precision and returnable container management

DP WORLD

**MANUFACTURING & LOGISTICS
SUPPORT FOR A MAJOR
NORTH AMERICAN AUTO OEM**

THE CHALLENGE

Our customer required a scalable logistics partner to support multiple manufacturing plants, high production volumes, and complex part flows across North America.

OUR SOLUTION

DP World provides inbound logistics, sequencing, kitting, container management, warehousing, transportation services supporting four inbound manufacturing sites, and inter-regional export/import customs flows – supported by DP World’s AOS Warehouse Management System.

RESULTS AT A GLANCE

+997 MILLION
parts sequenced annually

Supported production of nearly
1 MILLION VEHICLES

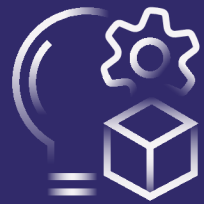

+3 MILLION SQ. FT
of warehouse space

1,552
dedicated DP World employees

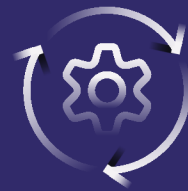

WHY AUTOMOTIVE LEADERS CHOOSE DP WORLD

Scale and flexibility
to support multi-
plant, multi-shift
operations

Embedded operations
aligned directly with
customer production
systems

End-to-end coverage
from inbound
manufacturing to
aftermarket and
global export

Advanced IT
integration across
