Customer Advisory

CA-004/29-11-2024

Dear Esteemed Customer,

Greetings from CCTL!!!

We wish to update you on the weather prevailing at Chennai port and the hoisting of 'Port Storm Warning Signal Number 3' from port signal station which signifies local cautionary and the port being subject to squally weather.

Berthing of vessels is temporarily suspended due to rough weather & will be decided by Chennai Port Trust basis sea condition due to heavy wind/sea roughness currently prevailing at port.

Terminal and Gate operations inside CCTL premises will continue on a normal basis and we will continue accepting and delivery of containers as usual. Unanticipated intermittent & temporary stoppages may be experienced, if & in cases of extreme weather for short durations.

We will keep you updated on the situation and further developments.

We seek your co-operation and assure you of our best services always

For Chennai Container Terminal Pvt Ltd.
